Alt Codes to text arrows on keyboard

Âlт ©òdës

Alt Codes

Alt code shortcut works on all Desktop and many Laptop computers running MS Windows. You press Alt and, while holding it, text a certain Alt code on Num Pad while it's turned on. Please, watch my guide if you're running a laptop. You can text many frequently used symbols with this method.

| Alt Code	Arrow	Arrow	Alt Code
18	↕	↕	23
24	↑	↓	25
26	→	←	27
29	↔		
30	▲	▼	31
174	«	»	175
0171	«		

→

Shift States

Configure your keyboard layout in Windows so that you can type on keyboard any **text arrow emoticon** you want as easy as any other text. Takes about 5-10 minutes to set things up, but

you'll be typing like a boss. You can assign **arrow sign** and any other text characters to your keyboard using this technique.

iPhone & Mac

Emoji on iOS (iPhone, iPad and iPod touch)

On iPhone not all, but some arrow symbols you'll see on your iPhone rendered as a colored arrow icon can be entered via emoji keyboard. Compass emoji symbol can also be entered in this way.
Text Symbols with iPhone Emoji keyboard ⌨

Simple and beautiful way to discover how to add a virtual keyboard for Emoji symbols visible as small pictures. The keyboard itself is preinstalled on your iOS device, so you don't have to download, or buy anything.

Character Palette

Character Palette allows you to view and use all characters and symbols, including **cute arrows**, available in all fonts (some examples of fonts are "Arial", "Times New Roman", "Webdings")

installed on your computer.
